

In which we double-cross a master mind

TALK ABOUT time novels.
THEY SENT Jim down.
TO TEXAS to investigate.
SOME OIL wells there.
WHICH THEY might buy.
IF JIM said O.K.
AND HE was to report.
BY WIRE in secret code.
NOW—ENTER the villain.
A SLIPPERY crook.
GOT WIND of it.
AND TRAILED Jim down.
COPIED OFF his code.
AND BRIBED a boob.
IN THE telegraph branch.
SO THE crook could get.
THE EARLIEST word.
AND CORNER stock.
AND WORK a hold-up.
IT LOOKED like easy coin.
BUT JIM got wise.
AND THREW away his code.
AND WHEN he sent.
THE FINAL dope.
HE FOILED the villain.
THE MESSAGE just said.
"CHESTERFIELD."
AND HIS directors knew.
THAT ALL was well.
WITH THOSE oil wells.
FOR OIL men know.
THAT "CHESTERFIELD" means.
"THEY SATISFY."

YOU'LL know you've "struck it rich" when you discover Chesterfields. You'll say "they satisfy." A wonderful blend—the pick of Turkish and Domestic tobaccos—put together in the Chesterfield way—that's why "they satisfy." And the Chesterfield blend can not be copied!

LLOYD

Mrs. William Taylor and son, Homer, of Madison county, were guests of Mr. and Mrs. Harris Teater Sunday.

Mr. and Mrs. Buford Smith entertained a number of friends Sunday.

Mr. and Mrs. William Ray were the guests of Mr. and Mrs. Homer Ray Sunday. They attended religious services at Buckeye.

Mrs. J. D. Ray, Mr. and Mrs. Fred Snyder and Mr. and Mrs. William Ray were in Richmond Thursday.

Alvin Howard's residence burned Wednesday night. It is thought the fire started from matches in a wardrobe.

Making Tax Reports

Madison county residents who have failed to make their tax reports to Commissioner Ben Powell, are hurrying in these days, since this is the last week they will have to make the reports. There is a rush of business and the reports show there will be still more at the end of the time for making them, however, it is believed that all will get in on time, since there have been very few who have failed to make the reports.

Basket Ball Coming

The basket ball season is fast approaching and there will be a number of teams organized in the city within a short time. There will be on at the Madison High School, as well as the Model High and the Eastern Normal students proper declare they will be in the field. Richmond will be an athletic center of note before the close of the year, unless all signs fail.

Increase in Farm Tenantry

(By Associated Press)
Chicago, Oct. 26.—The increase in farm tenantry which has become an issue in Kansas does not appear uniform throughout the central west, according to reports received here from a number of agricultural authorities.

While the majority of the several states heard from report an advance, Wisconsin notes no change, owing opening of new farms, and Oklahoma declares a decrease. Illinois, Minnesota, Nebraska, and Ohio show increases. The situation in the various states named is thus indicated.

Indigestion, Biliousness, Constipation
Chamberlain's Tablets have restored to health and happiness hundreds who were afflicted with indigestion, biliousness and constipation. If you are troubled in this way give them a trial. You are certain to be pleased, for they will benefit you.

Annual meeting of the Central District of Baptist Woman's Association will be held in Hodgenville October 28 next.

SQUEEZED TO DEATH

When the body begins to stiffen and movement becomes painful it is usually an indication that the kidneys are out of order. Keep these organs healthy by taking

**GOLD MEDAL
HAARLEM OIL
CAPSULES**

The world's standard remedy for kidney, liver, bladder and uric acid troubles. Famous since 1896. Take regularly and keep in good health. In three sizes, all druggists. Guaranteed as represented. Look for the name Gold Medal on every box and accept no imitation.

Electricity—Everybody's Servant

A few years ago electricity was the servant of the few who lived in cities. This was because electric generating machinery was not in its present improved state, and because it was, and still is for that matter, very expensive to transmit electric current over long distances. In other words, people who live close together in the city can all be supplied from one central station at a reasonable cost, whereas it is enormously expensive to extend transmission lines five or ten miles into the country in order to serve perhaps fifteen or twenty customers in an area as large as that covered by the city. And yet the services of electricity are needed as much, if not more, on the farm, in the country home, church, school house and store, as in the city.

It is this need, and the practical difficulties of supplying it, which turned man's inventive genius toward a solution of the problem. As solution, as in the case of most great problems, was in itself rather simple—not the building of new and complicated machinery to drive current further at a lower cost, but the application of the known principles of generating and handling electric current to the development of small generating plants of a size suitable for supplying electricity on the farm and in the church or store, and at a cost easily within the reach of every progressive farmer. Years of experimental work by some of our best engineers have produced plants of this type which are thoroughly dependable.

The comfort and convenience of electric service will have the same effect in the country home as they have had in the city. And if it can do these things for all of us, it will indeed have proved itself the best of servants.

FRUIT PERISHING AS RESULT OF CONGESTION

(By Associated Press)
Havana, Oct. 26.—American products valued at millions are tied up in port at Havana, seemingly without prospect of early delivery, because of utter congestion at the wharves. A warning that an epidemic of diseases may occur if the foodstuffs are allowed to rot on the wharves was issued by city officials. Many ships were unable to unload at the wharves and dumped perishables into the ocean.

Their Medicine Chest For 20 Years

IT is characteristic of the few who have lived in the city for three score years and ten, to look back over the days that are gone and thoughtfully live them over. I find myself, at seventy-one, frequently drifting back a quarter of a century, when I see myself in the little drug store I owned at Holivar, Mo., making and selling a vegetable compound to my friends and customers—what was then known only as Dr. Lewis' Medicine for Stomach, Liver and Bowel Complaints.

For many years while I was perfecting my formula I studied and investigated the laxatives and cathartics on the market, and became convinced that their main fault was not that they did not act on the bowels, but that their action was too violent and drastic, and upset the system of the user; which was due to the fact that they were not thorough enough in their action, some simply acting on the upper or small intestine, while others would act only on the lower or large intestine, and that they almost invariably produced a habit requiring suggested doses.

I believed that a preparation to produce the best effect must first tone the liver, then act on the stomach and entire alimentary system. If this was accomplished, the medicine would produce a mild, but thorough elimination of the waste without the usual sickening sensations, and make the user feel better at once.

After experimenting with hundreds of different compounds, I at last perfected the formula that is now known as Nature's Remedy, which I truly believe goes further

and does more than any laxative on the market today. The thousands of letters from users have convinced me I was right, and that the user of Nature's Remedy as a family medicine, even though he may have used it for twenty-five years, never has to increase the dose.

My knowledge of medicine and the results of its use in my own family and among my friends, before I ever offered it for sale, caused me to have great faith in Nature's Remedy from the very first.

And now as I find myself nearing the age when I must bow to the inevitable and go to another life, my greatest pleasure is to sit each day and read the letters that each mail brings from people as old or older than I, who tell of having used Nature's Remedy for ten, fifteen and twenty years, and how they and their children and grandchildren have been benefited by it.

It is a comforting thought, my friends, for a man at my age to feel that while he is here, he has done something for his fellow man. My greatest satisfaction, my greatest happiness today, is the knowledge that tonight more than one million people will take a Nature's Remedy (N.R. Tablets) and will be healthier, happier people for it. I hope you will be one of them.

Deputy Sheriff Bush Having Busy Session

With three murder cases and a large number of witnesses in each case, Deputy Sheriff Sant Bush, who is attached to the Madison circuit court, is a very busy man, since he has to "juggle" the main list of witnesses, "get them in and get them out," and have them here and there and he stated, in speaking of the work Tuesday that the present session was one of the busiest he has experienced in his several years connection with the court.

"There is more work than the average person would believe, connected with this part of the work, and sometimes the court is detained owing to the absence of

witnesses, unless they are on hand, and this is one of the tricks of the trade, to have them when and where they are wanted." It is said Deputy Bush can handle more witnesses and do it easier than any other officer in the county.

An Agreeable Surprise

"About three years ago when I was suffering from a cold on my lungs and coughed most of the time night and day, I tried a bottle of Chamberlain's Cough Remedy and was surprised at the promptness with which it gave me relief," writes Mrs. James Brown, Clark Mills, N. Y. Many another has been surprised and pleased with the prompt relief by this remedy.

GREAT AUCTION SALE

OF

BABY FARMS

BY THE

Leete Sales Co., of Irvine, Ky.

Thursday, October 28th

at 2 O'Clock P. M.

One mile from Moberly, Five miles from Richmond

We will sell without reserve, eight 5-acre tracts of good fertile soil including an everlasting pond and one tract covered with timber. This is an ideal location, fronting on the Richmond and Irvine pike. The present corn crop speaks for itself. This is a part of the Tate Farm, recently purchased by C. W. Hundly.

Terms—1-3 cash, balance 6 or 12 months. A good band will positively be there and many cash prizes will be given away. You are respectfully invited.
